## NEWS

### CPS Re-allocation Funding

Thanks to the Calgary Police Services re-allocation funding, we are expanding our partnership with Calgary Transit to support better outcomes for vulnerable individuals on c-train and bus platforms including connection to medical aid, housing support, and addiction services. The DOAP-Transit partnership pairs a downtown outreach Addiction Support Worker with a Calgary Transit Peace Officer to work as a team across transit lines.

## Vaccination Clinics

We are excited to share that we have been able to vaccinate over **FOUR HUNDRED** individuals through our vaccine clinics in Lethbridge and Calgary. Shoutout to our staff who have been amazing vaccine safety advocates, successfully removing barriers so clients can access vaccinations.

## Little Free Library

We were so excited to add a Little Free Library to the yard of our Crescent Heights building in Calgary! Our library was generously donated and our clients had a great time decorating and painting. Just one more thing to add to this permanent supportive housing program to encourage community engagement.

DONOR IMPACT

## Heat Wave Donations

We received tons of flats of water, bottles of sunscreen, and hats over the course of the string of heat waves we saw this summer.

Extreme heat can be very dangerous for unhoused individuals who spend long periods of time outdoors. Risks of dehydration and heatstroke are very high. Thank you to everyone for keeping an eye out for our vulnerable neighbors.

## Thank You from the Community

The owners of a few of the Tim Hortons in Lethbridge came by our Shelter to donate some coffee and cookies for staff to thank us for our work in the community. These same folks donate timbits, muffins, bagels, and donuts to us every morning for our clients. Thank you so much for the generosity.

## Volunteering

Cheers to this lady and her seemingly never-ending dedication to community, volunteerism, and the clients we serve. Kate turned 90 a few months ago, but here she is helping in the kitchen to get lunch out to our clients safely. Kate has been an Alpha House donor, advocate, and volunteer as well as a weekly attendee at our sweat lodges for many, many years and we could not be more grateful for her kindness and support.

## Beltline Urban Murals Project

It is finished, it looks amazing, and we are so pleased! Alpha House was lucky enough to work with the [Beltline Urban Murals Project](#) for a 2nd time; this year through our Calgary veterans housing program in the beltline. [Kerzaka](#), a dynamic artistic duo with a passion for muralism, took on Alpha's building and created something wonderful.

## Golf Tournament 2021

We are grateful to all of our golfers for braving the smoke and pummeling rain to eventually land in the banquet room at Bearspaw Golf Club. Thank you to Title Sponsor IG Wealth Management and shout-out to prize donors Flores & Pine and YoCaddie.com. **All funds raised through this event will support our Indigenous Programs in Calgary and Lethbridge. Thank you!**
